China is a land of contrasts. It is a country of ancient traditions and modern skyscrapers, of bustling cities and serene countryside. It is a country with a rich history and a promising future.

In her book *Discover China, Discover Reading*, Laura Krauss Melmed takes readers on a journey through this fascinating country. Melmed, a leading expert on China, provides a unique perspective on the world's most populous country. She explores China's history, culture, and literature, offering readers a deeper understanding of this complex and dynamic nation.

Discover China, Discover Reading is divided into three parts. The first part, "History," provides a comprehensive overview of China's history, from its ancient origins to the present day. The second part, "Culture," explores the diverse cultures of China, from its traditional arts and crafts to its modern pop culture. The third part, "Literature," examines the rich literary tradition of China, from its ancient classics to its contemporary works.

Discover China, Discover Reading is a valuable resource for anyone who wants to learn more about China. Melmed's writing is clear and concise, and she provides a wealth of information in a highly readable format. The book is also beautifully illustrated with photographs and maps.

If you are interested in learning more about China, I highly recommend *Discover China, Discover Reading*. It is a comprehensive and informative guide to this fascinating country.
