About the Book

In *Karma Of Brown Folk*, Vijay Prashad offers a sweeping and deeply researched account of the history of colonialism and its lasting impact on the lives of brown people around the world.

Prashad begins by tracing the roots of colonialism back to the 15th century, when European powers began to explore and conquer new lands. He shows how colonialism was a system of violence and exploitation that decimated indigenous populations and destroyed their cultures.

Prashad also explores the ways in which colonialism has shaped the modern world. He argues that colonialism has created a global system of inequality that continues to benefit the West at the expense of the Global South. He also shows how colonialism has led to the rise of racism and xenophobia.

Karma Of Brown Folk is a powerful and unflinching look at the history of colonialism and its lasting impact on the lives of brown people around the world. It is a must-read for anyone who wants to understand the world we live in today.

About the Author

Vijay Prashad is an Indian historian, journalist, and commentator. He is the author of numerous books, including *The Darker Nations: A People's History of the Third World* and *The Poorer Nations: A Possible History of the Global South*.

Prashad is a regular contributor to The Hindu, The Guardian, and Al Jazeera. He is also the director of Tricontinental: Institute for Social Research.
