## **Instructions**

### **Step 1: Choose your colors.**

The first step is to choose the colors you want to use for your painting. We recommend using a light blue for the sky, a dark blue for the ocean, and a green for the palm trees.

### **Step 2: Paint the sky.**

Start by painting the sky. Use a light blue paint and paint a thick band across the top of your canvas. Leave a small space at the bottom of the canvas for the ocean.

### **Step 3: Paint the ocean.**

Next, paint the ocean. Use a dark blue paint and paint a band of blue across the bottom of your canvas. Make the ocean slightly wider than the sky.

### **Step 4: Paint the palm trees.**

Now it's time to paint the palm trees. Start by painting the trunks. Use a brown paint and paint two thin lines for the trunks.

Next, paint the leaves. Use a green paint and paint a few long, thin strokes for the leaves. You can also add a few small strokes to create texture.

### **Step 5: Add details.**

Once you have the basic shapes of your palm trees painted, you can start to add details. Use a thin brush to paint small details on the trunks, such as lines and cracks. You can also add a few small dots to create texture on the leaves.

### **Step 6: Sign and date your painting.**

Once you're finished painting, sign and date your painting. This is a great way to personalize your artwork and make it a lasting keepsake.

### **Congratulations! You've just painted a beautiful palm tree scene.**

We hope you enjoyed this step-by-step guide. If you have any questions, please feel free to leave a comment below.

Happy painting!
