In "My First Year in Junior High," author Sarah Jones takes readers on a relatable and inspiring journey through this transformative year. Through the eyes of protagonist Emily Thompson, a bright and inquisitive seventh-grader, we witness the challenges, triumphs, and self-discovery that come with this transition.

Emily's first day of junior high is a rollercoaster of emotions. She's excited to see her friends again and meet new people, but she's also nervous

about fitting in and keeping up with the older students. As the days turn into weeks, she begins to navigate the complexities of her new social life, forming friendships with a diverse group of peers, including the popular cheerleader, the quiet bookworm, and the quirky artist.

Alongside her social growth, Emily also grapples with the increasing academic demands of junior high. She struggles with math but excels in science and English. With the support of dedicated teachers and a supportive family, she learns to embrace her strengths and work hard to overcome her weaknesses.

But junior high isn't all about schoolwork and social drama. Emily also discovers her passions outside of the classroom.
