Drawing on historical and contemporary examples from around the world, the book explores the theory and practice of nonviolent resistance, demonstrating its power to achieve meaningful change without resorting to violence. From the civil rights movement in the United States to the anti-apartheid movement in South Africa, nonviolent action has proven to be a potent force for social transformation.

Of Passive Violent Resistance is written by Gene Sharp, a world-renowned expert on nonviolent action. Sharp has spent decades studying and teaching nonviolent strategies, and his work has been used by activists and organizers around the world. In this book, Sharp provides a clear and concise overview of the principles and techniques of nonviolent resistance, making it an essential resource for anyone interested in social change.

The book is divided into three parts. The first part provides a theoretical overview of nonviolent action, exploring its history, philosophy, and effectiveness. The second part focuses on the practical application of nonviolent strategies, providing detailed guidance on how to plan and implement nonviolent campaigns. The third part examines the challenges and opportunities facing nonviolent activists in the 21st century.

Of Passive Violent Resistance is a must-read for anyone interested in nonviolent action, social change, and the pursuit of a more just and equitable world. It is a valuable resource for activists, organizers, students, and anyone who wants to make a difference in the world.
