About the Book

In 'Rogue Economist Explores the Hidden Side of Everything,' Stephen Dubner, the co-author of the popular Freakonomics series, takes readers on an intellectual adventure that challenges conventional thinking and unlocks the hidden forces that shape our world. Through a series of thought-provoking essays, Dubner explores the unexpected connections between economics, data science, and globalization, revealing the surprising patterns and hidden truths that often go unnoticed.

With an unconventional perspective and an engaging narrative, Dubner delves into topics such as the economics of suicide, the hidden costs of education, and the role of data in shaping our understanding of the world. He challenges long-held beliefs, provides counterintuitive insights, and encourages readers to question their assumptions and embrace a more nuanced understanding of the modern landscape.

Key Features

- Unconventional insights into economics, data science, and globalization
- Thought-provoking essays that challenge conventional wisdom
- Engaging narrative that makes complex topics accessible to a wide audience
- Reveals surprising patterns and hidden truths that shape our world
- Perfect for readers interested in economics, data, and the complexities of the modern age

About the Author

Stephen Dubner is an award-winning author, journalist, and economist. He is the co-author of the Freakonomics series, which has sold over 10 million copies worldwide and has been translated into over 40 languages. Dubner is also the host of the Freakonomics Radio podcast, which has been downloaded over 400 million times. He is a regular contributor to The New York Times, The New Yorker, and other publications.

Reviews

“ "Dubner's sharp wit and unconventional insights make this book a must-read for anyone who wants to understand the hidden forces that shape our world." ”

- The Wall Street Journal

“

“ "A fascinating and thought-provoking journey into the unknown territories of economics, data science, and globalization. Dubner's ability to make complex topics accessible and engaging is truly remarkable." ”

- Forbes

“

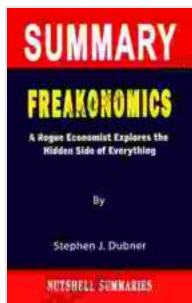

“ "Stephen Dubner is a gifted storyteller who has the rare ability to combine humor, intelligence, and a deep understanding of the human condition. This book is a must-read for anyone who wants to expand their intellectual horizons and gain a fresh perspective on the world." ”

- Malcolm Gladwell, author of 'Outliers' and 'Talking to Strangers'

'Rogue Economist Explores the Hidden Side of Everything' is an essential read for anyone who is curious about the world around them and the forces that shape it. Stephen Dubner's unconventional insights and thought-provoking perspectives will challenge your assumptions, expand your knowledge, and leave you questioning and re-evaluating the hidden truths that surround us.

If you are interested in economics, data science, globalization, or simply want to explore the hidden truths of the modern world, I highly recommend

picking up a copy of this book. It is an intellectual adventure that will leave you enlightened, engaged, and eager to learn more.
