Levin shows how the media, the academy, and the federal government have all been weaponized to advance a radical agenda. He argues that the left is seeking to transform America into a socialist state, and that they are willing to use any means necessary to achieve their goals.

Levin's book is a wake-up call for all Americans. He shows us that the forces that are tearing our nation apart are real and that they are growing

stronger. He also offers solutions for how we can restore our country and rebuild our constitutional republic.

- The left is using the federal government to expand its power and control over our lives.
- The left is seeking to transform America into a socialist state.
