Gierach begins his journey in the early autumn, when the leaves are just beginning to turn color and the air is crisp and cool. He describes the beauty of the natural world at this time of year, and the sense of anticipation that comes with the start of a new hunting season. He then

introduces us to his hunting companions, a group of friends who share his passion for the sport.

Together, Gierach and his friends set out on a series of hunting trips, each one a unique adventure. They hunt grouse in the mountains, quail in the fields, and pheasants in the woods. Gierach describes the challenges and rewards of each hunt, and the camaraderie that develops between hunters who share a common passion.

In addition to his hunting stories, Gierach also shares his thoughts on the traditions of hunting and the importance of conservation. He believes that hunting is a responsible way to harvest wildlife, and that it is a tradition that should be passed down to future generations.

Upland Autumn is a lyrical and evocative exploration of the upland autumn hunting season. Gierach's writing is both beautiful and informative, and his love of the sport and the land shines through on every page. This is a book that will appeal to hunters and non-hunters alike, and it is sure to become a classic of outdoor literature.
